

**108224 English and Arabic Dictionaries and their Use (3CH) (P
102105)**

Types of dictionaries (monolingual, bilingual, and trilingual) and using the same for translation purposes. Students review lexemes, polysemes, hyponemes and other lexical relations. It also sheds light on the way a dictionary is compiled. Students are drilled in using the dictionary in translation to refurbish their skills in choosing the right sense of the required word from among other alternatives.
